The Honorable City Council  
City of Detroit  
1340 CAYMC  
Detroit, MI 48226

Dear Council Members:

This is the fourth time that the Office of the Ombudsman has submitted a Budget Analysis Report and Recommendations document. In 2006, we anticipated an increase in the volumes of complaints as a result of budget cuts that had a direct affect on service delivery, i.e., unattended phones, uncut trees, unlit lights, and unanswered emergency calls.

In 2007, we documented a significant increase in complaints, and in 2008, we reported an increase exceeding 200 percent over the past three years. This information has been compiled into a report designed to assist you in making difficult budget decisions that ultimately determine the quality of life for residents and property owners.

The pie chart in Section II shows what constituents care about, and their actual complaints are summarized in Section III. Recommendations have been prepared in an easy-to-read format and accompany this document.

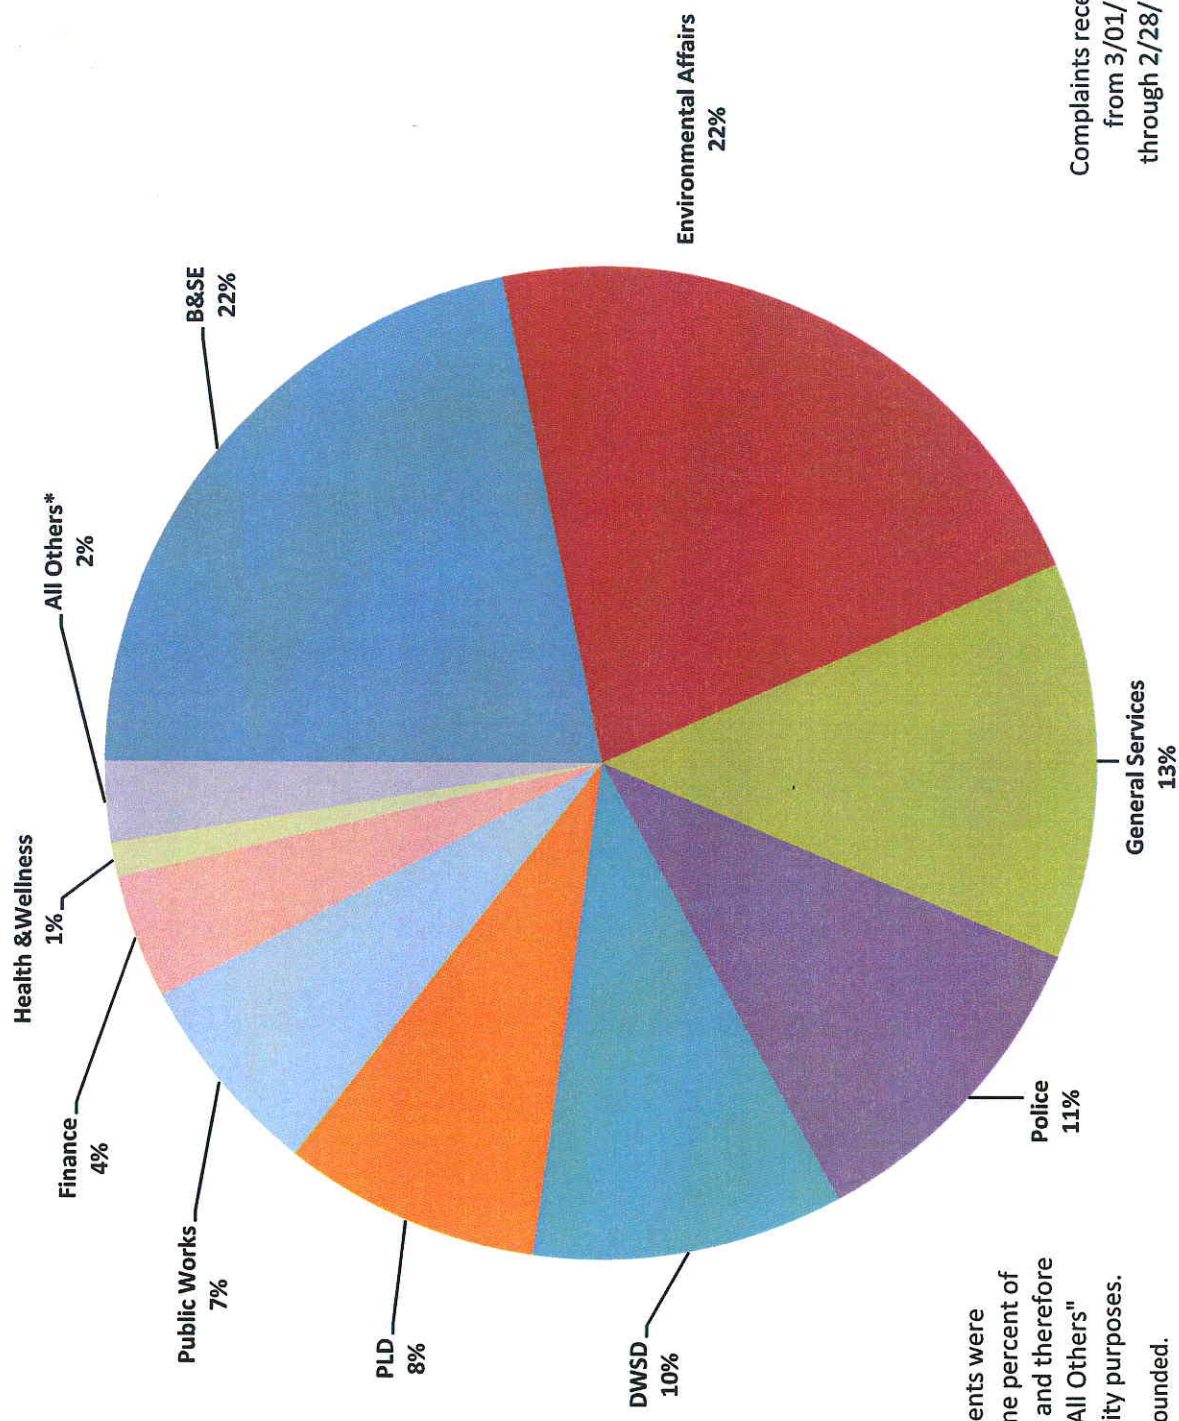

On behalf of the residents, property owners, business owners, and visitors who contacted the Office of the Ombudsman during March 1, 2008, through February 28, 2009, and in years past, I welcome this opportunity to submit this record to this Honorable Body.

Respectfully submitted,

  
Durene L. Brown  
City Ombudsman

# Ombudsman Complaints by Department

\*Other departments were each less than one percent of total complaints and therefore combined into "All Others" category for clarity purposes. Percentages are rounded.

Complaints received from 3/01/2008 through 2/28/2009

<b>Department</b>	<b>Complaints</b>	<b>Percentage</b>
Environmental Affairs	1421	21.72%
Building & Safety Engineers	1418	21.68%
