MEMORANDUM

TO: Governor Richard D. Snyder
State of Michigan

FROM: Kevyn D. Orr, Emergency Manager
City of Detroit 

DATE: September 30, 2013

RE: PA 436 Approval of the Lease of Belle Isle Park
Between the City of Detroit and the State of Michigan

The City of Detroit proposes to enter into the lease transaction described below.

The City of Detroit and the State of Michigan have been in discussions with respect to a Lease of Belle Isle Park, whereby the State of Michigan, by its Department of Natural Resources, would lease Belle Isle Park from the City to continue to enhance the management, operation and maintenance of the Park for the benefit of the City and the general public. The State will manage and operate Belle Isle Park as a state park, subject to the rules and regulations of the Department of Natural Resources regarding state parks.

There is no monetary rental consideration being paid by the State; *provided, however,* the provision of management, operation and maintenance services by the Department of Natural Resources during the term is the consideration being provided to the City for the Lease. These services will help improve the park and its amenities for the benefit of the public, and at the same time will save the City over \$6 million each fiscal year, and additional dollars in capital expenditures, that can be directed to other urgent needs of the City. The Department of Natural Resources will retain all revenue derived from the management of the Park in a separate sub-account, but may only use such revenue for the operation or improvement of the Park. The term of the lease is 30 years with two renewal periods that occur automatically unless either party gives notice to the other to the contrary at least one year prior to the expiration of the applicable term. A summary of the Lease is attached hereto, as well as a copy of the Lease itself.

Pursuant to Section 12(1)(r) of Public Act 436 of 2012, the Local Financial Stability and Choice Act, MCL § 141.1541, *et seq.*, the undersigned hereby approves the actions of the Emergency Manager of the City of Detroit to lease, assign or otherwise use or transfer the assets, liabilities, functions or responsibilities of the City of Detroit as described above and in the attached materials.

WHEREAS, the Parties enter this Lease effective _____, 2013, (Effective Date) pursuant to which the Lessee assumes responsibility for the management, operation, and maintenance of the Park.

NOW, THEREFORE, in consideration of the mutual covenants, conditions, agreements, and undertakings contained herein, the Parties agree as follows:

1. LEASE PURPOSE

The purpose of this Lease is to continue and enhance the management, operation, and maintenance of the Park for the benefit of the public. The City hereby makes a grant of this Lease to the State and the State accepts the grant of this Lease, to manage and operate the Park as a State park, under authority of the Natural Resources and Environmental and Protection Act, 1994 PA 451, MCL 324.70301 and 324.74103. The City is transferring and MDOT is accepting jurisdiction of certain roads and bridges at the Park under the authority of MCL 247.660a.

2. GENERAL REQUIREMENTS

2.1 Leased Premises. The Lessor hereby leases to the Lessee, and the Lessee leases from the Lessor, the land described in attached Exhibit A, excluding the roads and bridges identified in Exhibit B and the greenhouses identified in Exhibit D. (Leased Premises).

2.1.1 DNR. The land and waterways in the Park, excluding the roads and bridges identified in Exhibit B and the greenhouses identified in Exhibit D will be under the authority of DNR.

2.1.2 MDOT. The roads and bridges identified in attached Exhibit B (that are eligible for funding under 1951 PA 51, MCL 247.651 *et seq.* [Act 51]) are transferred from the Lessor to MDOT pursuant to MCL 247.660a in the Memorandum of Understanding attached as Exhibit C. Those roads and bridges shall be under the jurisdiction of MDOT for a period of time not to exceed the term of this Lease. Upon expiration or termination of this Lease, jurisdiction of the roads and bridges identified in attached Exhibit B shall be transferred from MDOT to Lessor.

2.1.3 Lessor. Lessor retains authority over the greenhouses identified in Exhibit D. Lessor is responsible for all operations, including utilities, maintenance and capital costs associated with the greenhouses as set forth in the Memorandum of Understanding attached as Exhibit D.

2.2 Rent Consideration. The Parties acknowledge that the value of the management, operation and maintenance services (Lessee Services) provided by the Lessee during any term of this Lease is fair and adequate consideration for this Lease. Lessee will not pay monetary consideration during the term of this Lease or any extension.

2.3 Operation as a State Park. During any term of this Lease, Lessee will operate, manage, and repair (collectively "Manage" or "Management") the Park, as a State park and incorporate traditional Belle Isle uses such as family reunions for the benefit of the public. The Lessee will manage the Park during the Lease term in a manner that is consistent with other State park operations and the Lessee's policies for State parks, including, but not limited to, the Parks and Recreation Beach Policy, which provides, among other things, for "No Beachguard" signs. Lessee, however, shall not be responsible for the maintenance and repair of any existing public utility systems in the Park. Lessee will manage the Park with its own staff, contractors, and other State agencies as Lessee determines appropriate. Further, Lessee is not obligated to assume any liability under, or to continue any of Lessor's contracts with individuals or private entities for Management of the Park. Lessee is not obligated to employ anyone employed by Lessor.

2.3.2 Funding for Roads and Bridges. For any period of time that the roads and bridges identified in Exhibit B are under MDOT's jurisdiction, MDOT will develop an asset management plan outlining short and long term strategies to maintain the roads and bridges in an acceptable condition. MDOT will use Michigan transportation funds and federal funds the City would have received under Act 51 for roads and bridges identified in Exhibit B as if jurisdiction had not been transferred to MDOT to maintain those roads and bridges.

2.4 DNR Rules and Orders. During the term and any extensions of this Lease, the use of the Leased Premises will be subject to the DNR State park laws, rules, regulations, the Director's land use orders and any other State law applicable to State park management. - The plan will be developed by the DNR LED and MSP with input from the Detroit Police Department
- The plan will shift the public safety and law enforcement responsibilities to the DNR LED and MSP which will allow for the eventual redeployment of up to 22 Detroit Police officers back to mainland responsibilities
- All duly authorized peace officers, regardless of entity affiliation, will retain the authority to enforce city and state laws in the park and will provide mutual aid in the event of law enforcement emergencies
- The plan will address Detroit's building and grounds needs on the Island which may include:
