*In determining the average, divide line 4 by 3. However, if a factor does not exist, divide the sum of the percentage by the number of factors actually used.

INSTRUCTIONS FOR INCOME APPORTIONMENT FORMULA — SCHEDULE D

The income apportionment percentage is to be applied by NONRESIDENT partners to their distributive share of business income if business activity of the partnership is conducted both within and without the City of Detroit. In order to use the separate accounting method, permission must be requested in writing from the administrator not more than 90 days after the beginning of the taxpayer's year.

Line 1. Enter in column I the average net book value of all real and tangible personal property owned by the business, regardless of location; and in column II show the average net book value of the real and tangible personal property owned and located in the City of Detroit.

The average net book value of real and tangible personal property may be determined by adding the net book values at the beginning of the year and the net book values at the end of the year and dividing the sum by two. If this method will not properly reflect the average net book value of tangible property owned during the year, any other method that will accurately reflects it will be permitted.

Line 1a. Enter in column I the gross annual rent multiplied by 8 for all rented real property regardless of location. In column II show the gross annual rent multiplied by 8 for rented real property located in the City of Detroit.

Gross annual rent should include money and other consideration given for the use or possession of real property rented or leased, including public warehouse storage charges.

Line 2. Enter in column I the total compensation paid to all employees during the year and in column II show the amount of compensation paid to employees for work done or for services performed within the City of Detroit during the year.

Line 3. Enter in column I the total gross receipts from all sales made or services rendered during the year and in column II show the amount of gross receipts from sales made or services rendered in the City of Detroit during the year. Rental income is to be considered as derived from services rendered and is to be included in gross receipts.

Instructions for the computation of salaries, interest or guaranteed payments to be included in Schedule E, Column 5.

This schedule is to be filled in by non-resident partners who performed part of their services in Detroit.

USE A SEPARATE SCHEDULE FOR EACH PARTNER

1. Actual number of days worked on job — everywhere	_____ days
2. Actual number of days worked on job in Detroit	_____ days
3. Percentage of days worked in Detroit (line 2 divided by line 1)	_____ %
4. Total salaries, interest and guaranteed payments	\$ _____ .00
5. Salaries and interest earned in Detroit (line 4 multiplied by percentage on line 3) — Enter here and on page 3, column 5, Schedule E.	\$ _____ .00
