**Places for young people**  
**Health, education & safety**  
**Supporting resident organizations**

# What is a Cody Rouge & Warrendale Neighborhood Framework?

Tuesday April 30, 6–8 pm  
Boys & Girls Club  
16500 Tireman Avenue  
Detroit

The Detroit Planning & Development Department is beginning a year-long process called a Youth-Centric Neighborhood Framework for the west side neighborhoods of Franklin Park, Joy Community, Warrendale, and Warren Avenue. What does that mean? Come hear young people share their thoughts on the matter!

To kick-off the project & start the discussion, nine teenagers from the area have investigated this question by interviewing city government officials, neighborhood leaders & more to learn who makes decisions about how neighborhoods develop. At this event, they will join with the project's Organizational Steering Committee to kick off the next year of activities & present their findings.

Free & open to humans of all ages  
Refreshments will be served & music will be played!  
Learn more & RSVP by emailing [williamsmat@detroitmi.gov](mailto:williamsmat@detroitmi.gov)

## Project sponsors

City of Detroit Planning & Development Department & The Cody Rouge Project (DTE Energy, General Motors, Quicken Loans, and The Skillman Foundation)
