### What is the East Riverfront Assets Study (ERAS)?

East Riverfront Parks Study is a year-long project that will look closely at the network of city-owned parklands and properties along the Detroit riverfront. It is one part of the Detroit Department of Parks & Recreation's overall strategic planning initiative and aims to:

- > Learn how Detroiters use these sites now and how they envision them in the future
- > Develop a collective vision and actionable plan for creating vibrant, sustainable destinations along the riverfront
