8. Is the Certificate of Good Standing and Articles of Incorporation the same?

Articles of Incorporation act as a charter to establish the existence of a corporation in the United States, and are filed with the Secretary of State or other company registrar. In order to form a corporation, whether profit, or nonprofit, Articles of Incorporation must

be prepared and filed with the State of Michigan Department of Licensing and Regulatory Affairs.

Certificate of Good Standing is a state issued document that shows that your corporation (for profit or non-profit) has met its statutory requirements and is authorized to do business in the State of Michigan. It confirms that your corporation is: up to date on its state fee payments, has filed an annual report, paid franchise taxes, etc.

9. Are we allowed to submit multiple proposals in different sub-categories, i.e. education and recreation, under one announcement Public Service (NOF)? If yes, will that decrease the award dollars in a singular sub-category?

Organizations may submit multiple applications under a single bid. However, due to limited funding, organizations are funded in one priority area within a given fiscal year. The Public Services RFP is extremely competitive. We therefore advise organizations to submit the most competitive application possible that they believe best represents their program.
