Activities, Outputs, Outcomes, and Impacts

- Be prepared to respond to:
 - If the proposed activity is already in existence, what were its outputs for the most recently completed fiscal year?
 - What are the project outputs for the proposed activity in the current fiscal year?
 - What processes and tools are in place to measure program outcomes?
 - What kind of lasting benefits does your organization hope to provide to your clients through the services it provides?
 - How successful was your program in achieving the proposed outcomes?
 - What outcomes indicators were used to determine the results?

Outputs/Activities

- Outputs are the direct products of program operation, measured in terms of the volume or work accomplished.
- Think of outputs as the products of program activities, or the result of program processes. They are the deliverables. Some even use the term interchangeably with "activities." Outputs can be identified by answering questions such as:
 - What will the program produce?
 - What will the program accomplish?
- For example, the number of classes taught, the number of counseling sessions conducted, or the number of participants served. Outputs should lead to a desired benefit for participants.

Out-1. If the proposed activity is already in existence, what were its <u>outputs</u> for the most recently completed fiscal year?

Example

Past Year (2/1/2020-1/30/21)

	Number	Percentage
Enrolled into RBD Program	22	
Complete the Program	21	95%
Industry Recognized Credentials	22	100%
Placed In Jobs	11	50%
Apprenticeships/Industry Related	6	27%
Retention - 6 months	5	23%
Net Income Increases	11	50%
Credit score Increases	8	36%
Net Worth Increases	10	45%

Out-2. What are the proposed program outputs for the upcoming year?

Upcoming year (2/1/2022-1/30/2023)

	Number	Percentage
Enrolled	80	
Complete the Program	64	80%
Industry Recognized Credentials	64	80%
Placed In Jobs	45	70%
Apprenticeships/Industry Related	32	50%
Retention - 6 months	18	40%
Net Income Increases	32	50%
Credit score Increases	23	35%
Net Worth Increases	29	45%

Out-3. What standards, measures, or benchmarks are used to assure or verify that this is a quality/successful Program? (Example: Meals comply with USDA dietary standards; tutors will be certified teachers; etc.)

Credentials are industry recognized and issued by a State recognized entity. The curriculum is a contextualized curriculum that was created based off the National Center for Construction Education and Research (NCCER) program. Credit scores are pulled from Transunion.

Outcomes

- Outcomes are changes in program participants or recipients (aka the target population). They can be identified by answering the question: How will program participants change as a result of their participation in the program?
- May relate to changes in knowledge, attitudes, values, skills, behavior, condition, or other attributes.
 Examples of program outcomes include greater knowledge nutritional needs, improved reading skills, more effective responses to conflict, getting a job and having greater financial stability.
- Agencies must clearly state the methodology used to measure outcomes, i.e., surveys, client interviews, pre- and post-tests results or clients self-reporting.

IMPACTS

- Impacts assess the changes that can be attributed to a particular intervention, such as a program or policy, both the intended ones, as well as the unintended ones.
- Short-term (1 year) Describe the initial impact during the clients' first year of participation in the program.
- Intermediate (2 years) Describe the subsequent impact on the client population that is anticipated as a result of their participation in the program, if applicable.
- Long-Term (3 5 years or more) Describe the eventual impact on the client population that is anticipated as a result of their participation in the program

Budget

- Be prepared to respond to:
 - Who is responsible for maintaining your organization's records?
 - What was the amount of your organization's total budget for your most recent fiscal year?
 - When was your must recent audit?
 - List other funding sources. (Provide award letters for each funding source)
 - Describe your financial management system.

Section 3	Expenditures – Accounts Payable Section 4 Payroll
Section 5	Revenue and Receivables
Section 6 SECTION 1	Fixed/Capital Assets CASH MANAGEMENT
A.	POLICIES
	At its annual meeting, the Board authorizes all bank accounts and persons permitted to be designated as check signers.
В.	CASH RECEIPTS
1.	Incoming mail is opened by the Administrative Assistant and checks are logged into a register by date received, issuer, check number, check amount and date deposited at the bank. An electronic detail of the deposits is provided to outside Accountants for inclusion with Financial reporting.
2.	A copy of each check is retained.
3.	Receipts are logged into the accounting spreadsheets by the Administrative Assistant. Amounts of cash receipts are verified when entered into the accounting spreadsheets. The receipts are then reconciled with the bank statements.
4.	Deposit slips are completed for each deposit and a detail support of every check is included in the main file along with the proof of the deposit made at the bank.
5.	Receipts are added to the cash sheet and compared to bank deposits and postings to cash receipts as entered and also during the monthly account reconciliation process.
6.	Receipts of currency are deposited after verification by two employees. Cash is recorded in the accounting spreadsheets. Cashing of checks out of cash receipts is prohibited

EXPLAIN AND JUSTIFY EACH PROPOSED BUDGET LINE ITEM AND WHY CDBG FUNDS ARE REQUIRED.

GOOD EXAMPLE

" Salary: Executive director \$45,000; Administrative Assistant \$18,000; Accountant \$6,000; Maintenance Engineer: \$25,000. Total amounts to \$114,000. Now, the executive involvement for this project is between eight to 10 hours a week, as well as the administrative assistant with five to 10 hours a week and the accountant in the amount of three hours a week. Total allocation out of total \$109,000 based on the % of involvement of the above mention individuals amounts to \$20,000

Taxes & FICA: The amount is estimated by the current rate of calculating FICA at 0.0756 and the 2016 tax rate. Since only FICA can be reimbursed by CDBG/NOF grant, that amount is allocated to CDBG/NOF funding.

Utilities: Total utilities cost (electric, gas, water) is around \$45,000 a year. Since the ABC Literacy Zone utilizes 1/2 of the total programs of the ABC Education Center, thus appropriately 1/2 of the utility cost is allocated to the program in the amount of \$22,500. Only \$10,000 is requested for the CDBG/NOF grant in the amount of 833.33 a month.

Insurance: The total building Liability Insurance costs around \$13,000 a year. Again, the same calculation is applied as in the utility cost. 1/2 of the operation requires 1/2 of the cost. Thus, \$7,500 of the liability insurance is allocated with only \$3,500 request to be funded by the CDBG/NOF.

Consumable Supplies: It is an allocated and estimated cost of replacing toilet paper, hand towels, liquid soaps, water, tea, coffee, paper plates and so on. Only \$2,500 is requested to be funded by CDBG/NOF with monthly reimbursement of \$208.33.

Building Maintenance: ABC Literacy Center with five basic programs uses three floors of our building, utilizing offices, classrooms, conference rooms and large assembly spaces. The programs require various settings and utilizing technical equipment. As a result, maintenance staff needs to be deployed to clean-up, set-up, re-arrange and make necessary and suitable adjustments. In addition, keeping clean and orderly the various rooms that have been utilized to provide services requires daily maintenance in terms of sweeping, mopping, washing, vacuuming, waxing and polishing..."
